

ZEUS

Products Pty Ltd

PRODUCT OVERVIEW

We supply high-quality, combustibile and non-combustibile handles and hardware, as well as decorative accessories to the funeral industry.

We also supply locally and internationally sourced drapery, making Zeus Products the first port of call for funeral directors, casket companies and coffin manufacturers.

All of our products are **100% Australian Made and Owned** and meet strict compliance standards for strength, durability, in addition to being an affordable alternative for your clients.

We also manufacture custom-made plastic and metallised parts for other industries.

Genelyn Embalming Products

An Australian owned and operated company committed to supporting the Australian Funeral industry. The ultimate goal is to produce a range of products that are safe for embalmers to use and handle, without sacrificing effectiveness. To date, Genelyn have produced completely effective non-flammable equivalents for their entire product range, which greatly improves safety in the workplace.

CEABIS

CEABIS Italy is a leading company in the manufacturing and distribution of medical and funerary products. They supply equipment and sundries for morgues and funeral homes as well as a complete range of products to meet every phase of a funeral service from the recovery, storage, preparation and presentation of the deceased, through to the funeral and burial or cremation.

Lemex Coffin & Casket Metal Hardware

Lemex supply a wide range of high quality metal handles and accessories.

Gramco Funeral Memorial Supplies

At Gramco, we have a combined 22 years experience as previous owner/operators of a funeral home. This experience together with continued contact with other Funeral Directors allows us to produce In Memoriam books that are appropriate across the board. Price, quality and content requirements are all taken into account.
